

DAS (R)EINE VOLK - GEFOLGT VON (R)EINHEIT!
(R)EINHEITSGEBOT #7

ENGLISH TRANSLATION

Numerous readers responding to my 6th edition of this little get-together yesterday, criticized my rather *bad expression*, they would not be able to understand the context of the the topic, that I am writing about. I am very grateful for this hint, it is all the more essential, to take a big step into the 33rd underground level of our spirit - in other words: wooden high school - to be able to drag along all the roving rabble.

The reader should understand, that our initiative is not about as many as possible, who mentally only are able to make a small cross on a "ballot paper", and possibly even use toilet paper and wash their hands after visiting the toilet and before shaking hands. We pick up men and women with sense, reason, empathy and gentleness exactly at the "stop", where they are, at that moment. But to have reached the designated meeting point, it is not necessarily so essential to know Grandmas or Grandpas birthday before July 22, 1913 by heart or when which constitution of the Reich was artificially hoisted into life ... such unimportant things are simply no longer our concern. Our concern is known, briefly outlined: LIFE and everything in tow, what receives the most wonderful gift, allows to flourish and, looking at the momentary evil death state, COMES BACK TO LIFE.

What is your MERIT?

With this the core of the essence is already reached, since most of the mocking readers did not even understand the basic idea of this pun. It is not our interest to know what amount YOU, YOU or also YOU receive monthly in the account of your PERSON, it is not yours anyway, it belongs to the bank, as well as 'your' account belongs to the same bank, because 'your' name belongs to the 'STATE', to whom you belong, with skin and hair.

Better said: You are just as free, as the little cow in her farmer's barn is free and when you twitch, the farmer state simulation will slaughter you. That's how simple the explanation of your freedom is. And now you are whining - those writers yesterday surely remember - it would be a lot about the protection of their human rights. Aha? Who promised YOU when you gave up your rights...

1. in your REGISTRATION for your rented apartment,
2. at your REGISTRATION in the course of handing over your property to your master (LAND REGISTER),
3. with your PERSONAL ID card application,
4. when you applied for your passport,
5. when you applied for your driver's license
6. when you applied for the payment of protection money (TAX DECLARATION)
7. when you applied for a pension insurance
8. when you applied for health insurance,
9. when you applied for unemployment insurance,

... do you want more? ...that, all these voluntarily executed slavish principles of the illegal system would absolutely stand under the legal security of the UNIVERSAL DECLARATION OF HUMAN RIGHTS? Who exactly, come on, tell me! Please put yourself in the position of the system, see it from their mentally very limited point of view.

There sits a daft employee, who has only his own well-being in his tiny pimple on the neck, who is just as interested in you as a withered blade of grass near Novosibirsk, shortly before the first entrance, just at the big hall, but on the left, not the right ... to this moron you go to the desk, sit down - first mistake >>> submission - and now YOU ASK FOR, because you want to hang your willy in the wind of Mallorca, a PERSONAL ID card (german word for ID: Ausweis, which also means: expulsion), that will EXPEL you, the future PERSONNEL of this very much affected bankrupt company "GERMANY", from your Home!

Why, I ask you again in all seriousness, do you not want this beautiful Heimath anymore, even go VOLUNTARILY TO DUMB, INSULTING, SLUGGISH and INWARDLY ROTTEN and apply for your own downfall – have you lost your mind?

*Only then can you be truly free,
when you grant all species-appropriate freedom to others.*

We are not talking about other people, but for example about those under our protection, such as animals, trees, our Irtha. Of which EMOTIONAL VALUE are you, which EMOTIONAL INTELLIGENCE is working in you, how, think, is your behavior in consideration of the general togetherness with other living beings? Are those perhaps not important to you or are you very caring, give them a home and space, love and food, try to care for Irtha maybe, help to plant trees, prevent mischief, go three times a week for 4 hours each to the shelter, taking the waiting dogs for a walk, cuddle cats and rodents, help with their placement in a loving home possibly, work also on a horse farm, in a cowshed ... You would not believe how much love these incredibly tender animals have to give ... and you are naturally - that is the first and most important requirement:

>>>> nourishing you and your family purely from plant food!

To give your unconditional love to living beings, to fulfill them with gentleness, give them the feeling of a just partnership: YOU ARE MY FRIEND, NO MATTER WHAT HAPPENS! Do you know what this dedication means for one or more animals? Forgotten so far, some number in some shitty barn, suddenly - because you are helping and not only to muck out the stable, you are the self-sacrificing friend of all the animals and give them your impartial love. Not only your life will dramatically turn towards the light, suddenly your life will be making presents to you. The light, which now directs your merit so drastically into a hardly to be stopped direction, will become part of your life. Not because you have found advantage for yourself in your actions, you collect fake money for it, no, you go there, because it has always been your heart's desire, to give animals only the best, YOU, and the warmth of your heart! In my long life I have saved the lives of so many animals, gave them a home, never under stress, never worried about how I could bring all these many animals under one hat, it just always worked. Where there is a will, there is also a declaration of will, a readiness for... and as soon as one is ready to devote oneself to the divine creation, everything just becomes like in paradise. Then suddenly comes the long awaited lottery win, if matter is still desired, suddenly those humans in the continuous mode of pressing jackals refrain from one's self, because one does not deserve them any more. And all by yourself you will get out of the shitty system, which only lied and cheated on you and suddenly, as if magically controlled, you are FREE. You understand my messages as if a veil has dropped from your mind's eye, you will receive knowledge through your solar plexus yourself, your connection to the universal ALLPOWER, and you are in constant joy over your gain, always staying in the center of your being. All the good things in your life come to you only then, when you are ready for it, when your merit releases the barriers of limitation to all your happiness. In truth, this mechanism of perfect bliss lies in your hands alone, because happiness = merit. Whoever thinks the Rothschilds are so rich and therefore happy, they would not have earned this merit either ... but they have and they suffer miserably from their fraud and raid. They do not only live through the proverbial hell on earth. But you want to do it better than those villains, you want an Irtha, where peace and love are the highest good of all people, love for all living beings, peace for everything, that has a pulse and has sensations and thus you have arrived on your holy path of ascension. Follow this one goal and you will quickly notice how much your environment changes. Not because you have changed the walls of your home or your house, the colors are suddenly brighter, no, because you have given your life a new maybe unusual painting that was perhaps unfamiliar before.

Be on your way, be HEIL (meaning: complete, well, holy, healthy, healed) and the best expression of your BEING, then you are in love with God!

In Liebe und Verbundenheit.
